Why is chip pickup Saturday only?

Everyone picks up a chip on Saturday to avoid anyone arriving race day and forgetting a chip picked up earlier.

What is a "chip"?

The "chip" records your time on the course. It also tells us you are finished & we do not need to come looking for you.

How do you wear the Chip?

The picture above displays two correct ways for tying a chip to your shoe. The chip can have either the ORANGE or BLACK side up. It must be worn as shown. Do not use safety pins or any other method to fasten the chip to your shoe.

Double knot your shoes so that the chip stays secured.

Please return your chips to a volunteer at the finish line.

All unreturned chips will cost \$10.00 per chip.
